

**Job Posting:  
Public Works Superintendent  
City of Melissa, TX**

August 16, 2010

We are looking for an integral team player to join the City as the Public Works Superintendent. The Superintendent assists with the daily operations of Public Works staff to include supervising the street maintenance, water, wastewater and drainage.

This position is a prime opportunity for either a seasoned veteran looking for another challenge or a younger professional looking for a community to make their mark. A position announcement is available on line at [www.cityofmelissa.com](http://www.cityofmelissa.com). The position will be open until filled, so do not hesitate to submit your application, along with a current resume to the City of Melissa.

Minimum Qualifications are five (5) years previous experience and/or training with at least one year of supervisory experience. Must have a Texas Grade "C" Groundwater treatment certification and Class II (collection), Class "B" certification preferred, Texas Grade "C" (treatment) Wastewater, and a valid Texas Drivers License.

City of Melissa, City Administrator, 3411 Barker Avenue, Melissa, TX
