**PART II. CHECKLIST PERTINENT TO DRAWINGS - PRELIMINARY PLAT:****Preliminary Plat.**

The commission shall be furnished with five (5) legible prints of the preliminary plat together with five (5) copies of necessary supporting documents describing the type of development, provision of services, development procedure and timing, and engineering studies. Such materials shall be received no later than twenty-five (25) days before the commission meeting scheduled for review of the preliminary plat. No plat will be considered by the commission until and unless the prescribed filing fees have been paid.

The developer shall obtain a checklist to be furnished by the city. Such checklist shall be attached to the preliminary and final plats, and shall be authenticated by proper officials of the city and the developer certifying that the plat has been fully and properly processed in accordance with the provisions of the Melissa Subdivision Ordinance.

The preliminary plat shall be delivered to the plan administrator who shall cause the same to be checked and verified, prepare a report to the commission setting forth his findings, and file such report, together with the plat, with the commission at the meeting scheduled for review.

The subdivider should be present at the meeting; however, the subdivider, by written notice filed with the plan administrator, may designate his land planner, engineer, surveyor, or like agent for the processing of his subdivision.

The following is a checklist for items that shall be included, as applicable, on each Preliminary Plat submitted for review. IT SHALL BE THE RESPONSIBILITY OF THE ENGINEER/ PROJECT MANAGER IN CHARGE OF PLAN PREPERATION TO REVIEW PLANS FOR COMPLIANCE PRIOR TO SUBMITTAL.

**CHECK ALL THAT APPLY:****(1) General Development Plan:**

When a subdivision is a portion of a tract larger than forty (40) acres in size to be subdivided later in its entirety, a general development plan of the entire tract shall be submitted with the preliminary plat of the portion to be first subdivided. The general development plan shall show the schematic layout of the entire tract and its relationship to adjacent property within the neighborhood unit. When appropriate, more than one (1) tract or subdivision may be included within the general development plan.

The general development plan shall delineate the proposed characteristics of the area in terms of major categories of land use, dwelling units and population densities, general layout of lots and streets, drainageways, utility trunk lines, location of sites for parks, schools and other public uses, present and proposed zoning, and such other information as the commission finds to be necessary for making a decision on the approval of the preliminary plat.

A general development plan shall be considered to be a detailing of the comprehensive plan and shall become effective upon adoption by the commission; providing, however, that no general development plan shall be approved other than in substantial conformity with the comprehensive plan. Every general development plan adopted by the commission shall be so certified by the chairman of the commission and a copy thereof shall be placed on file with the city secretary as part of the public record. A general development plan is to continue in force until amended or rescinded by the commission and shall be the official guide to the owners of all property within its area of coverage. Where multi ownerships preclude the preparation of a general development plan by a single owner, the commission is authorized to prepare or to cause such plan to be prepared. No preliminary plat within an area for which a general development plan has been adopted shall be approved except in substantial conformity with such adopted plan.

Commission approval shall include, approval of the sequence of development and construction of phases of the project as can reasonably be determined. It may include such stipulations or conditions as the commission deems necessary in order to accomplish the purposes of this ordinance and to protect the health, safety and welfare of the community.

The general development plan shall include the following:
