

### ***How to get the results of the May 7 Municipal Election***

Interested individuals should visit the [Collin County Elections website](#) for Early Voting and Election Day results. The County will release Early Voting totals at 7 p.m. on May 7 and plans to release Election Day results at 8:30 p.m. that evening, and every half hour after then until all the votes are tabulated.

The City of Melissa will not be posting results. Once the unofficial results are completely counted, the Melissa City Council will meet at a meeting following the election to certify the election results and administer the oath of office to each winner. This will occur in mid-May.
