III. Specific Use Permit (“SUP”) – CZO Section 18 (B)

18.1 General Provisions:

- The City Council, by an affirmative vote, may, after public hearing and proper notice to all parties affected, and after recommendations from the Planning and Zoning Commission that the uses are in general conformance with the Comprehensive Plan and general objectives of the City and containing such requirements and safe guards as are necessary to protect adjoining property, authorize application and shall be accompanied by a site plan drawn to scale and showing the general arrangement of the project, together with essential requirements such as off-street parking facilities; size, height, construction materials, and locations of buildings and the uses to be permitted; location and instruction of signs; means of ingress and egress to public streets; the type of visual screening such as walls, plantings and fences; and the relationship of the intended use to all existing properties and land uses in all directions to a minimum distance of two hundred (200) feet. The Planning and Zoning Commission or City Council may require additional information or drawings (such as, among other things, building floor plans), operating data and expert evaluation or testimony concerning the location, function and characteristics of any building or use proposed.

18.2 Specific Use Permit Regulations:

- In recommending that a Specific Use Permit ("SUP") for the premises under consideration be granted, the Planning and Zoning Commission shall determine that such uses are harmonious and adaptable to building structures and uses of abutting property and other property in the vicinity of the premises under consideration, and shall make recommendations as to, among other things, requirements for the paving of streets, alleys and sidewalks, means of ingress and egress to public streets, provisions for drainage, adequate off-street parking, protective screening and open space, area or security lighting, heights of structures, and compatibility of buildings. The Planning and Zoning Commission and City Council shall consider the following criteria in determining the validity of the SUP request:
 - () The use shall be harmonious and compatible with its surrounding existing uses or proposed uses;
 - () The activities requested by the applicant shall be normally associated

with the requested use;

- () The nature of the use shall be reasonable; and
- () Any negative impact on the surrounding area shall be mitigated.

- In granting a SUP, the City Council may impose conditions which shall be complied with by the owner or grantee before a Certificate of Occupancy may be issued by the City's Building Official, or his designated representative, for use of the building on such property pursuant to such SUP and such conditions precedent to the granting of the Certificate of Occupancy. Any special conditions shall be set forth in writing by the City Council prior to issuance of the Certificate of Occupancy.
- No SUP shall be granted unless the applicant, owner and grantee of the SUP shall be willing to accept and agree to be bound by and comply with the written requirements of the SUP, as attached to the site plan drawing (or drawings) and approved by the Planning and Zoning Commission and City Council.
- A building, premise, or land used under a SUP may be enlarged, modified, structurally altered or otherwise changed provided the changes do not:
 - () Increase the height of structures, including, without limitation, antenna support structures.
 - () Increase building square footage from its size at the time the original SUP was granted by greater than ten (10) percent;
 - () Reduce the distance between a building or noise-generating activity on the property and an adjacent, off-site residential use. This provision shall not apply should the property and the residential use be separated by a Major Thoroughfare, as defined in the City's Subdivision Regulations, as amended; and/or
 - () Reduce the amount of open space as indicated on the previously approved zoning exhibit.

All other enlargements, modifications, structural alterations, or changes shall require the approval of a new SUP. Antennas may be placed on a tower with an existing SUP without approval of a separate SUP subject to approval of a final plat and site plan for the property.

- The Board of Adjustment shall not have jurisdiction to hear, review, reverse or modify any decision, determination or ruling with respect to the specific land use designated by any SUP.
- When the City Council authorizes the granting of a SUP, except in cases where a SUP is granted for a temporary building in accordance with this Ordinance, the Zoning District Map shall be amended according to its legend to indicate that the affected area has conditional and limited uses and said amendment is to indicate the appropriate zoning district for the approved use and prefixed by an "S" or "SUP" designation. SUPs granted shall be indicated by numerical designation on the Zoning District Map.
- Upon holding a properly notified public hearing, the City Council may amend, change or rescind a SUP if:
 - () There is a violation and conviction of any of the provisions of this

Ordinance or any ordinance of the City that occurs on the property for which the SUP is granted.

- () The building, premise, or land used under a SUP is enlarged, modified, structurally altered or otherwise significantly changed without approval of a separate SUP for such enlargement, modification, structural alteration or change.
- () Violation of any provision of the terms or conditions of a SUP.
- () Ad valorem taxes on the property are delinquent by more than six (6) months.
- () The SUP was obtained by fraud or with deception.

 - () A preliminary site plan to the City's Development Services Department, providing for a permanent solution to the immediate need for a new temporary building(s) showing the permanent building(s), the temporary building(s) and the required parking, which is subject to the review and approval of the Planning and Zoning Commission; and
 - () A site plan for the temporary building(s) to the City's Development Services Department, which is subject to the review and approval of the Planning and Zoning Commission.
- The temporary building(s) shall be removed within thirty (30) days of the date:
 - () A Certificate of Occupancy is issued for the permanent building; or
 - () The permit for the temporary building expires, whichever occurs first.
- A request for a single extension, not to exceed twelve (12) months, ("Single

- () Has an approved and valid preliminary site plan for the permanent building(s) and an approved and valid site plan for the temporary building(s);
 - () Has a specific plan of how an additional year would allow the applicant to construct the permanent building(s) by providing:

 - Membership, enrollment and/or employment growth records;
 - Evidence that alternative options were explored before an extension of the temporary building permit was requested; and
 - Any other criteria reasonably deemed appropriate by the Planning and Zoning Commission.
- The applicant may appeal a decision of the Planning and Zoning Commission, in writing, to the City Council within fourteen (14) days of a decision of the Planning and Zoning Commission. The City Council's decision is final.
- Three (3) or more members of the City Council may appeal the decision of the Planning and Zoning Commission by submitting a written notice of appeal to the City's Development Services Department. The City Council shall consider and act on whether it will appeal the Commission's decision no later than fourteen (14) days from the date of such decision or at its first regular meeting (for which there is time to post an agenda as required by law) that occurs after the Commission meeting at which the decision was made, whichever is later. Written notice of the City Council's vote to appeal shall be submitted to the City's Development Services Department within seven (7) days of the City Council's vote. The City Council shall consider the appeal at a public meeting no later than forty-five (45) days after the date on which the notice of appeal is submitted to the City's Development Services Department. The City Council may affirm, modify or reverse the decision of the Planning and Zoning Commission.
- If the applicant desires an extension after being granted the Single Extension, the applicant may request the City Council to grant such an extension provided the applicant submits to the City Council:
- () The information required under Subsection 18(B)(3)(d)(2).
 - () A detailed financial summary, including without limitation, the reasons for not complying with the terms of the Single Extension; and
